

Get accurate bore readings without removing the bar!

This new caliper features a patented design, allowing you to measure 10 inches (254 mm) or 24 inches (609.6mm) around your line boring equipment. Now you can get an accurate reading of the bore without removing the bar. This precision tool also allows outside measuring, saving you time and money

Flexible and Versatile

- Easy to read, dual-function digital scale shows absolute/incremental measurements.
- Measures up to 10 or 24 inches (254mm or 609.6mm) ID/OD
- Locking slide
- Micro adjust slide
- Metric or English scale readouts
- Comes in a durable metal case with fitted foam liner
